**DIRECTIONS FOR USE**

**Restrains**
1. DO NOT USE on sheep which are producing or may in the future produce milk or milk products for human consumption.
2. DO NOT use on open wounds, e.g. those resulting from marking or mulesing operations.
3. DO NOT dilute.
4. DO NOT mix with any other product.
5. DO NOT apply during gusty or windy weather as spray drift will reduce the period of protection.
6. DO NOT use on sheep with less than 6 weeks wool.

### FOR THE PREVENTION OF POLL STRIKE

Rams and sheep susceptible to poll strike should be treated. Apply at least 5 mL of Vetrazin Spray-On to the areas requiring protection, around the poll and horns.

**Critical Comments**
1. Use only a Novartis recommended Spray-On applicator gun.
2. Ensure the applicator gun is clean.
3. Calibrate applicator gun using an accurate volume measure.
4. Ensure all areas to be protected are treated.
5. When preventing body strike ensure bands overlap along the midline - see diagram.
6. This product is not ideal for treating existing strikes. Treated larvae may take 3-4 days to die.
7. Heavy rain following the application of this product could diminish the period of protection.
8. Vetrazin Spray-On is coloured for band identification. This scourable dye will disappear shortly after treatment.

**NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPEPROPRIATE LEGISLATION.**
WITHHOLDING PERIODS

MEAT: DO NOT USE less than 7 days before slaughter for human consumption.

MILK: DO NOT USE on sheep which are producing or may in the future produce milk or milk products for human consumption.

WOOL: DO NOT USE less than 2 months before shearing or fibre collection.

Note: The withholding period for meat applies only to meat destined for the Australian domestic market. Some export markets apply different standards which may require an export slaughter interval. If meat from the animal on which this product is to be used may be sold outside the Australian domestic market, details of overseas standards should be obtained prior to use of this product.

GENERAL INSTRUCTIONS

DO NOT DILUTE. Apply directly from the container using a Novartis recommended Spray-On applicator gun. Except for small lambs under 15 kg, the dose volume is determined by the number of months since shearing. Apply Vetrazin Spray-On according to the diagrams and tables in the Directions for Use.

Vetrazin Spray-On may be applied to all breeds of sheep, providing protection against fly strike. Vetrazin Spray-On is applied as a low-volume treatment onto or near areas where protection is required. When applying, the nozzle of the applicator gun should be approximately 25 cm above the fleece, to achieve a 15 cm wide band at each pass.

SAFETY DIRECTIONS

Will irritate the eyes and skin. Avoid contact with eyes and skin. When using the product wear rubber gloves. Wash hands after use.

FIRST AID

If poisoning occurs, contact a doctor or Poisons Information Centre (Ph: 131126).

Protection of Wildlife, Fish, Crustacea and Environment

Do not contaminate dams, rivers or streams with the product or used containers.

Material Safety Data Sheet

If additional hazard information is required, refer to the Material Safety Data Sheet. For a copy phone 1800 633 768.

Disposal

Triple or (preferably) pressure rinse containers and dispose of rinsate in a disposal pit specifically marked and set up for this purpose clear of waterways, vegetation and roots. Do not dispose of undiluted chemicals on-site. Break, crush or puncture and bury empty containers in a local authority landfill. If not available bury the containers below 500 mm in disposal pit as described. Empty containers and product should not be burned.

Storage
Store below 30°C (Room Temperature). Store in original container tightly closed in a dry, cool place. Do not store in direct sunlight. Do not re-use the container. Keep out of reach of children.

**WARRANTY AND EXCLUSION OF LIABILITY**

This product is warranted fit for the purposes specifically recommended by Novartis Animal Health Australasia Pty Limited when used strictly as directed on this label. All other warranties and obligations for liabilities, whether expressed or implied by statute or otherwise, are excluded to the full extent that exclusion is permitted by law.
