Active Constituent: 500 g/kg AZAMETHIPHOS
(An anticholinesterase compound)

CONTROLS
Flies, cockroaches, spiders and certain pests on poultry and grain pests
in storage areas and grain handling equipment.

DIRECTIONS FOR USE

<table>
<thead>
<tr>
<th>Situation</th>
<th>Insect</th>
<th>Rate per litre of water</th>
<th>Critical Comments</th>
</tr>
</thead>
<tbody>
<tr>
<td>Grain Storage Areas - silos and stores including sacks, machinery, transport and animal feed bins. Grain Handling Equipment.</td>
<td>Stored product pests such as Rust-Red Flour Beetle, Lesser Grain Borer and Rice Weevil</td>
<td>10 g to 20 g</td>
<td>DO NOT spray grain or animal feed or allow drift to contaminate them. Precautions must be taken to prevent the surface contamination of grain by drifting spray. After harvest thoroughly clean all headers and grain handling equipment and spray with product.</td>
</tr>
<tr>
<td>Grain Storage Areas, Warehouses, Food Processing Areas and other Commercial Premises</td>
<td>Warehouse Beetle</td>
<td>10 g</td>
<td>Clean infested areas before spraying. Burn rubbish. Thoroughly spray infested premises. Pay special attention to cracks, crevices, window sills, under furniture and equipment, floors, walls and shelves. Respray as necessary</td>
</tr>
<tr>
<td>Empty Dairies, Stables, Piggeries, Abattoirs * (non product areas) and Kennels, also Kitchens, Canteens, Hospitals, Bakeries, Restaurants, Ships Homes, Warehouses and other Commercial Premises, Poultry Sheds &amp; Egg Packing Establishments</td>
<td>Cockroaches, Spiders, Flies, Ants, Fleas</td>
<td>5 g to 10 g</td>
<td>Spray where insects enter or congregate. For cockroaches pay particular attention to hiding places such as under benches, in cupboards, behind sinks, stoves and refrigerators. Spray along skirting boards and near entrances, paying particular attention to cracks and crevices. Protect food utensils from contamination.</td>
</tr>
<tr>
<td></td>
<td>Flies</td>
<td>10 g Alfacron + 40 g sugar, add 40 mL water to make up to a brushable paint</td>
<td>Paint Strips of 5 cm x 30 cm where flies congregate, e.g. warm wall areas, partitions, posts, milk pipes, etc. 250 g of Alfacron/sugar mixture in 200 mL of water is sufficient to treat a building of approx. 100 m² ground area of 200 m² wall and ceiling surfaces.</td>
</tr>
<tr>
<td>Poultry Sheds and Egg Packing Establishments</td>
<td>Poultry, Lice, Red Mite, Adult Mealworms</td>
<td>5 g</td>
<td>Mites and Lice: thoroughly spray the walls, cages, and structure of the poultry house Adult Mealworms, spray roof and walls. When treating egg packing establishments, removal of eggs prior to treatment is not necessary.</td>
</tr>
<tr>
<td>Poultry</td>
<td>Poultry Lice, Red Mite</td>
<td>5 g</td>
<td>Spray birds well, ensuring thorough wetting. Normally 25 to 50 mL per bird should be applied. DO NOT treat birds less than one week old.</td>
</tr>
<tr>
<td>Garbage Disposal and Refuse Area</td>
<td>Flies</td>
<td>2.5 g</td>
<td>For knockdown fly control in garbage tips apply a minimum of 50 litres spray mixture per hectare. Spray or mist directly on to rubbish tips.</td>
</tr>
</tbody>
</table>

NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.

WITHHOLDING PERIOD:
DO NOT SLAUGHTER POULTRY FOR 1 DAY AFTER APPLICATION

* Including export abattoir, Alfacron 500 is accepted by the Department of Primary Industries & Energy for use in registered meat export establishments as Pesticide Type B.
GENERAL INSTRUCTIONS

Mixing: Add the required amount of the product to water in the spraying equipment used and stir well. If the mixture is allowed to stand, stir well before using.

Application: Use higher rate on porous surfaces, such as concrete, OR for longer control. Apply spray mixture to just below the point of run-off.

NOTE: Once dry, the spray may leave a visible deposit on dark or shiny surfaces. Test surfaces prior to treatment.

CAUTION

AVOID CONTACT WITH FOOD, FOOD UTENSILS OR PLACES WHERE FOOD IS PREPARED OR STORED. BEFORE USE – REMOVE OR COVER ALL EXPOSED FOOD STUFFS; COVER ALL Dishes AND Utensils AND Places WHERE FOOD IS PREPARED OR STORED.

VENTILATE TREATED ROOMS OR BUILDINGS AND ALLOW TREATED SURFACES TO DRY BEFORE RE-OCCUPYING.

IN ABATTOIRS, DO NOT USE IN AREAS WHERE EdIBLE PRODUCT IS PREPARED OR STORED.

PROTECTION OF LIVESTOCK

DO NOT apply to animal housing when animals are present. Avoid contamination of animal feedstuffs and drinking water.

PROTECTION OF WILDLIFE, FISH, CRUSTACEA, ENVIRONMENT AND OTHERS

DO NOT spray on to humans, exposed food or food utensils. DO NOT treat surfaces where food or packaging may be prepared or stored. Protect food utensils from contamination. DO NOT contaminate ponds, waterways or drains with product or used container.

SAFETY DIRECTIONS

Harmful if inhaled or swallowed. Will irritate the eyes and skin. Repeated exposure may cause allergic disorders. Avoid contact with eyes and skin. Do NOT inhale dust or spray mist. When preparing spray and using the prepared spray wear cotton overalls buttoned to the neck and wrists, a washable hat, elbow-length PVC gloves and a face shield. After use and before eating, drinking or smoking, wash hands, arms and face thoroughly with soap and water. After each day’s use wash gloves, face shield and contaminated clothing.

FIRST AID

If poisoning occurs, contact a doctor or Poisons Information Centre. If swallowed, and if more than 15 minutes from a hospital, induce vomiting, preferably using Ipecac Syrup APF.

MATERIAL SAFETY DATA SHEET

If additional hazard information is required, refer to the Material Safety Data Sheet. For a copy, phone 1800 633 768.

DISPOSAL

Rinse containers before disposal. Add rinsings to spray tank. DO NOT dispose of undiluted chemicals on-site. Dispose of at a local authority landfill. If not available bury the containers below 500 mm in a disposal pit specifically marked and set up for this purpose clear of waterways, vegetation and roots. Empty containers and product should not be burned.

STORAGE

Store in the closed, original container in a dry, cool, well-ventilated area out of direct sunlight.

WARRANTY AND EXCLUSION OF LIABILITY

This product is warranted fit for the purposes specifically recommended by Novartis Animal Health Australasia Pty Limited when used strictly as directed on this label. All other warranties and obligations for liabilities, whether expressed or implied by statute or otherwise, are excluded to the full extent that exclusion is permitted by law.
